

# EACH YEAR, OVER A MILLION PEOPLE IMMIGRATE TO AMERICA.

While illegal immigration is hotly debated, serious gaps in our legal immigration policies are hurting our country. As a former United States diplomat and immigrant to America, Dr. George Farag knows this firsthand. Having lived on both sides of the immigration process, George brings clarity to issues surrounding immigration that the American people should know about.

In *Pro-American Immigration*, George shares his personal story and professional knowledge to bring you into the world of immigration. You will explore how people legally come to America, discover five gaps in our immigration policies, and learn about practical solutions to close these gaps. Finally, you can join efforts to implement new immigration rules that are of common benefit to all Americans.

If you are looking for a fresh, reasonable perspective on immigration, this book is for you.

DR. GEORGE FARAG is a former US diplomat and consul who immigrated to America. After the attacks of 9/11, George joined the Foreign Service to serve his country. He decided on thousands of visa applications from people seeking to come to America. He was also on the Consular Affairs Crisis Response team that evacuated 15,000 Americans during the 2006 Lebanon War and was among the first US diplomats to enter Iraq during Operation Iraqi Freedom. George is the recipient of the Department of State's Superior Honor

Award, the Meritorious Honor Award, and the George P. Schultz Consular Certificate. To get in touch with George, please visit [www.georgefarag.com](http://www.georgefarag.com).
